222mm

HOW TO CHECK YOUR SHOE SIZE

1. Stand up and place your foot on the measuring device with the edge of chart and heel right up against a wall.
2. To measure size, select size that is on the line past your largest toe. Repeat this with the other foot.
3. Select the size that fits the largest foot.

IMPORTANT

- Allow for socks.
- This chart is a guide only.
- Once you have selected your size, slip on a shoe to confirm correct fitting.

PLEASE NOTE: For extra width choose a half size.

PLACE CHART AND HEEL AGAINST WALL HERE

To ensure accurate sizing your copy should measure 222mm from the dotted heel line to the first sizing line.

Fold or cut along dotted line and place this and heel against wall
